

Technical Data Sheet

CABLE CONTROL KITS

Cable Controls

Developed for operation of equipment on trucks that are not equipped with air, these kits enable PTO's and valves to be operated efficiently from the truck cab.

Product Features

- **Available in 0.5m Length Increments**
From 1.5 to 6m—no need to cut to the correct length.
- **Supplied With All Necessary Hardware**
For ease of fit up.
- **Superior Quality Cables**
For longer operational life.
