

Technical Data Sheet

CK158 TCU CONTROL KITS

Product Features

Electric/Pneumatic Control

This manual switch control, CK158, combines all the necessary functions to operate a truck and trailer tipper in a neat switch bank. Including PTO, hoists, tailgate locks and a turntable lock.

This is a practical design for today's cabs for the operator on a limited budget.

With lockable rocker switches mounted on a swivelling bracket. The CK158 system provides easier installation with no airlines required in the cabin and no damage to truck dashboards.

- **Colour Coded Airlines**
Provides ease of installation.
- **Single Cable From Valves to Control Box**
Provides ease of installation.
- **Pre Packaged System Kit**
Provides ease of installation.
- **Versatility**
Can be used with two spool valve or directional control and diverter valves.
- **IP66 Rating**
Ensuring operation in all conditions.
